

School Meals Policy

Introduction

The Minnesota Free School Meals Program, signed into law on March 17, 2023, is a permanent program that provides state reimbursement to schools that participate in the National School Lunch Program and the School Breakfast Program so that students can have one breakfast and one lunch at no cost at school. This program is detailed in Minnesota Statutes 2024, section 124D.111, subdivision 1(c). Therefore, beginning July 1, 2023, debt resulting from a lack of funds for a reimbursable meal at school will no longer occur.

Minnesota Statutes 2024, section 124D.111, subdivision 1 requires all schools in Minnesota that participate in the School Nutrition Programs to have a school meals policy*. The policy must, at minimum, meet the requirements outlined in the statute language but can contain additional language to address other local situations. Specific points that must be addressed in the policy are the following:

- The policy must be in writing and clearly communicate student meal charges when payment cannot be collected at the point of service. The policy must be reasonable and well-defined and maintain the dignity of students by prohibiting lunch shaming or otherwise ostracizing the student.
- The policy must address whether the participant uses a collections agency to collect unpaid school meals debt.
- The policy must ensure that once a participant has placed a meal on a tray or otherwise served the meal to a student, the meal may not be subsequently withdrawn from the student by the cashier or other school official, whether or not the student has an outstanding meals balance.
- The policy must ensure that a student who has been determined eligible for free and reduced-price lunch must always be served a reimbursable meal even if the student has an outstanding debt.
- If a school contracts with a third party for its meal services, it must provide the vendor with its school meals policy. Any contract between the school and a third-party provider entered into or modified after July 1, 2021, must ensure that the third-party provider adheres to the participant's school meals policy.

*[SP 23-2017 Unpaid Meal Charges: Guidance and Question and Answer](#) clarifies that there is no Federal requirement for school board approval of the local meal charge policy. Minnesota Statutes 2024, section 124D.111 states that each participant must adopt and post to its website, a school meals policy. School Food Authorities (SFAs) should consult with local administrators regarding the need for official school board approval.
